SHORT CLINICAL EXPERIENCES RESUME	Since 2006 Assistant Infectious Disease Consultant at Liver Transplant Center AORN A. CARDARELLI. In particular, I have been involved in pre-and post-OLTx management of the patients, including early and late infectious disease in ICU or WARD stay as well as at outpatient clinic. Mainly I was focused on Fungal, Bacterial and Viral infections as well as Drug to Drug interaction in Antibiotic, Antifungal and Antiviral Treatment and related safety. Further I managed immunosuppressive therapy and drug to drug interactions as well as adverse effects in immunosuppressive drugs. From 2011 Infectious Disease Consultant for Antimicrobial Stewardship at Infectious Disease Board at A. Cardarelli Hospital. Recently, in the last 3 years, I have been engaged in mobileHealth development and research aimed to improve patients follow-up and to analyze social behavior of subjects suffering chronic illness.
